ABRIDGED CATALOGUE
OF
FRUIT & ORNAMENTAL TREES,
VINES, ROSES, &c.,

CULTIVATED AND FOR SALE BY

EDWARD J. EVANS & CO.,

Nurserymen and Seedsmen,

YORK, PENNA.

Correspondents will oblige by writing their orders separate from the body of the accompanying letter, and indicating whether Standard or Dwarf Trees are wanted, and are requested to state, when ordering special varieties, how far substitution may be made.

We make no substitutions unless specially directed. All Trees will be securely packed so as to carry safely to the most distant points; in the absence of explicit shipping directions, we will forward according to our best judgment, but in all cases goods are at the purchasers' risk after delivery in good order to the forwarder here.

Where large quantities are taken, a liberal reduction in made, proportionate to the amount of purchase.

TERMS CASH—Remittances can be safely made by P. O. Order, Registered Letter, or Draft to our Order, and should accompany the order to insure prompt shipment.

PLANTS BY MAIL.—Small Fruit and Plants can be sent in small quantities, to distant points, by mail, safely and cheaply; Special Price List for Plants, post-paid through, will be sent to applicants.

NEW VARIETIES.

General Grant—A beautiful cling-stone Peach, raised and introduced by Mr. Lanius, of this place. Fruit is very large; white with beautiful crimson check, and of high flavor. Price, 50 cents each. Last of Sept.

King of Delaware—Very large, white, firm, high-flavored, and very productive; especially valuable as a market variety; a valuable peculiarity of this variety is, that in case of the loss of its blossoms, or setting of fruit, it bears plentifully a second time, maturing a later but full crop. Price $1 each. Van Buren's Golden Dwarf Peach—A variety of exceedingly dwarf habit, making an annual growth of but a few inches, and bearing profusely when but a few feet in height; the fruit is of good size and excellent flavor, adhering somewhat at the stone. The miniature tree, when covered with its rich, dark green foliage, and loaded with its beautiful fruit, is a most beautiful and interesting object; especially valuable for pot-culture each year. Ripens Sept. and Oct.

Additional Varieties—Austin's Late Red, (cling,) Bagley's Late, (cling,) Baldwin's Late, Crockett's Late, Great Ohio, Grand Admirable, Henby's Favorite, Julia, Large Late Rareripe, Mattock's Superb, Mattock's Free, Mitchell's Mammoth (cling,) Poole's Large Yellow, Stump the World, Sturtevant, &c.
